Philosophy I will strive to create a fun and inventive, educational atmosphere where children are engaged in learning and see art as a creative expression. I believe it is important to encourage students to be independent and express their unique individualism. Gaining an appreciation of artwork and understanding the historical significance of it will help students make connections in their academic courses.

Education	Art Institute of Dallas (Graphic Design)	SEP 1992
	Art Institute of Dallas (Computer Animation)	DEC 1999
	Bachelor of Art, Printmaking/Ceramics	DEC 2008
